THE  
SMOOTHEST  
SMOKING  
TOBACCO

**TIME—given the right chance—  
puts character in a man's face,  
horse-sense under his hat, and mel-  
low fren'liness into his tobacco.**

*Velvet Joe*

Time is a big factor in giving  
Velvet Tobacco its mildness and  
"character."

Velvet ages for two whole years in  
wooden hogsheads. During this  
long period the choice Burley leaves  
take on a kindly quality of cool-  
ness, a rich fra-  
grance, a "taste" that  
appeals to pipe  
smokers—old and  
young.

Don't hurry, but just  
walk into the next store  
and lay down a dime  
and a nickel and say  
"VELVET"—the tobacco  
that isn't harsh but  
is friendly.

**Seems Queer.**  
"Seek and ye shall find" is a great  
truth (says the Philosopher of Philly)  
but it can be overdone. For instance  
the man who is always hunting for a  
job is the man who never seems to  
find one.

**The Only Way.**  
The only way to regenerate the  
world is to do the duty that lies near-  
est us.—Kingsley.

**First Use of Toilet Vinegar.**  
Perhaps the ladies who use toilet  
vinegar would like to know its origin?  
The story runs like this: During the  
great plague that visited Marseilles,  
four highwaymen who had formed a  
gang, invented an aromatic vinegar by  
means of which they could rob the  
dead and dying without any fear of  
infection. This vinegar was for a  
long time known in France under the  
name of "Vinaigre de quatre voleurs,"  
and eventually became toilet vinegar.

**The Day's Worst Pun.**  
Speaking of things spiritual, an il-  
licit whisky still has been found un-  
derneath a church in an Alabama town.  
—Philadelphia Inquirer.

**New Vegetable Butter.**  
Shea butter, the reddish oil of the  
West African shea tree (Butyrospermum  
Parkii), is one of several vegeta-  
ble butters that are now of unusual  
interest to makers of margarine, choc-  
olate, candles and soap. The sweet  
and wholesome pulp of the nut is much  
prized by the natives, and is said to  
be nearly two-thirds butter. Great  
Britain controls the source of supply.

**Daily Thought.**  
Wisdom and goodness are twin born.  
—Cooper.
